18 MAY 1957

Honorable Carl Hayden
Chairman, Joint Committee on Printing
United States Senate
Washington 25, D. C.

Dear Senator Hayden:

Your letter of January 4, 1957, requested that the Joint Committee on Printing be kept advised concerning the transfer of the Government Printing Office - State Service Printing Plant to the Central Intelligence Agency. My letter of January 26, 1957, outlined the steps taken to effect the transfer and indicated the then current status.

My staff and representatives of the Government Printing Office have agreed to a reimbursement of $261,781.15 to the Government Printing Office for supplies and equipment in the plant as of the date of the transfer. A check for this amount was forwarded to the Public Printer on April 29, 1957, in response to his request for reimbursement.

There still remains for settlement the sum of $3,483.54 covering air conditioning equipment. The question of the propriety of reimbursement to the Public Printer is being referred to the Comptroller General.

The above payment for supplies and equipment completes the transfer of the Government Printing Office - State Service Printing Plant to the Central Intelligence Agency. The plant is now fully integrated into and is operating as a part of this Agency.
